

CHAIC 2026 — Agenda Reconciliation

Sources. Official: [CHAIC 2026 Agenda.pdf](#) (Day 1 + Day 2 programs, Salón A / Salón B). Live site: [index.html](#) lines 857–2048 (#agenda section), plus [speakers.html](#) and [workshops.html](#). Line references point at the current site markup.

Verdict. The site agenda is substantially out of date. Nearly every session time shifted, several sessions moved between days, and the official agenda now names speakers the site still shows as “To Be Confirmed.”

AREA	ITEM
Missing speaker cards	ADD speakers.html has no entry for Nelson Ortiz, Annie Mayol, Eddie Pérez-Ruberté, Steven Núñez, Poincaré Díaz, Dr. William Felix, or Nesty Delgado — all named in the official agenda.
Stale speaker cards	REMOVE VERIFY Enrique Ortiz de Montellano (speakers.html:317) does not appear in the official agenda. Luis Belem and Erik Brieva appear in the site agenda but on no speakers page and in no official session.
Name spellings	VERIFY Official “Lior Ethel” vs. site “Lior Eshel Ansher” (speakers.html:287). Official “Nesty Delgado” vs. site “Nestly Delgado” (workshops.html:100). Official “Dr. Carlos Ortiz Reyes” vs. site “Dr. Carlos Ortiz”.
Two-track structure	ADD The official agenda runs Salón A (main) and Salón B (workshops) in parallel. The site renders a single timeline with no room labels and cannot express concurrent sessions — needs a track indicator or a second column.
Workshop times	ADD workshops.html lists all three workshops without times. Official times are now fixed: AI Agents Fri 9:00 AM–12:00 PM, AI Entrepreneurship Sat 8:20–10:20 AM, AI Tools Sat 1:30–4:30 PM.
Hardcoded counts	RETIME Phase labels carry literal session counts that will be wrong after these edits: index.html:863 “7 sessions”, index.html:1327 “8 sessions”, index.html:1653 “13 sessions”.

Open questions for the organizers

1. Is Dr. Orvil Martínez’s Day 1 session genuinely **AI in Real Estate**? That is a large departure from the “Beyond the Hype” healthcare talk currently advertised.
2. Does Day 1 keep any evening networking event, or does the cocktail reception now exist only on Day 2?
3. Are Luis Belem (“AI for All”) and Erik Brieva (“Synthetic Data”) confirmed off the program?
4. Is Parallel 18 still hosting the Shark Tank?
5. Is the 9:35–10:00 AM “HIMSS?” slot firm enough to publish, or should it stay off the public agenda until confirmed?
